THE MARKET BASKET

Absence of Good Customers Proves a Quietus to Trade.

LAKE SALMON, SOFT CRABS SCARCE.

Poultry, Butter and Choice Eggs Tend to a

Higher Level. FLORISTS' TRADE IS AT ITS LOWEST

OFFICE OF PITTSBURG DISPATCH, }

PRIDAY, August 2, 1882.

Dealers in fruits and vegetables report a glow week's trade, and charge it up to the absence of many of their best customers at the seasing and grounding. Of new fruits the market rallied feebly from the midday slow week's trade, and charge it up to the absence of many of their best customers at the seaside and mountains. Of new fruits that have showed up for the first time this plums from the South are worthy of note. The berry season is close to its goal. Monong: shela blackberries and whortleberries in pails are still on hand, but another week is expected

to wind them up.

Peas and beans are scarce and higher. Their sea son will soon be at an end. At the fish stall's the report was that supply of late has been hardly up to demand. The supply of lake salmon is particularly short. A leading dealer said: "We could readily sell double the amount of lake salmon we are able to secure." Soft crabs are in short supply owing to beavy demand from seaside botels. General trade is fair for the season. At this time of the year

fair for the season. At this time of the year fish trade is at its nadir. Florists report quietness all along the line. Orders from Chautauqua and Cresson occa-sionally relieve the monotony of the trade, but

in gener al little is doing.
Societ r makes little demand on the beautiful things of the garden at this season of the year. The Natzonal Convention of Florists, which will assemble at Buffaio on the 20th of August, will have a number of representatives from will have a number of representatives from our city. At the meeting last August in New York over 400 delegates were present from ail

lork over the decountry.

In the line of butter, eggs and poultry, prices are stiffening. Poultry is reported very scarce throughout Phisburg's balliwick. Butter is no longer the drug it was a week or two ago, of the year. As to staple meats, trade is duli and prices are unchanged. In all lines of market basket materials, deal-

ers report quiestness, and attribute it to the ab-sence of a multitude of good customers who are seeking rest and recreation at watering Ments.

The prices call ed for at the Diamond Markets remain unchanged. The best cuts of tender-loin steak range from 20 to 25c, with last figure for very fancy, which are very often no better than the 20c artic is; siriom, best cuts, from 18 to 20c; standing rib Poast, from 15 to 20c; chuck roast, 10 to 12c; best round steaks, 15c; bolling beof, 5 to 8c; sweet vreads, 20 to 50c per pair; beef kidneys, 10c ap iece; beef liver, 5c a pound; caif livers, 25c apiece; corned beef from 5 to 10c per pound. Veal for stewing commands 10c; roast, 12% to 15c; cut lets, 25c per pound; spring lambs, fore quarter, 15 to 20c; hind quarter, 20 to 25c. A leg of 1 autton, hind quarter, 6c prime quality, brings 12%c; fore quarter, 8c; loin of mutton, 15c; gi blets, 5c per pound. for very fancy, which are very often no better

Vegetable s and Fruit. Potatoes, 15 to 20c per half peck; egg plants, 10 to 25c; hothouse grapes, \$1 00 per pound; tomatoes, home-grown, 25c per quar-ter peck; new cabbage, 5 to 15c; bananas, 20 to

ter peck; new cabbage, 5 to löc; bananas, 20 to 55c a dozen; carrota, 5c a bunch; lemons, 25 to 30c per dozen; orangens, 50c; lettuce, 5c per bunch, 6 for 25c; radiahos, 5c per bunch; cucumbers, 21 to 25c; radiahos, 5c per bunch; cucumbers, 21 to 25c; a head; string is tuns, 20c a half peck; golden wax bears, 25c a half peck; new Southern onlons, 25c a half peck; new Southern onlons, 25c a half peck; squashes, 5 to 35c; peas, 20c per quarter peck; waternelons, 15 to 56c; cantaloups, 15 to 50c; lunchleberries, 15c a quert; concord grapes, 15c per pound, 2 for 25c; plums, 15c a quart.

lone fish, 25 to 30c; perch. 10c; hallout, 20c; rock bass, 30c; black bass, 20c; lak s trout, 12½c; lobsters, 25c; green sen turtle, 28c; mackerel, 26c small, 40c large. Oysters: N. Y. counts, 81 75 per gallon; clams, 81 25 per gallon; scollops, 55c a quart; frogs, \$2 10 to \$2 00 per dozen; soft shell crabs, 75c per dozen; devit crabs, 85c per dozen;

La France roses, \$1 00@1 50 per doren; Bride roses, \$1 00 per dozen; Perles, \$1 00 per dozen; roses, \$1 00 per dozen; Peries, \$1 00 per dozen;
Niphetos, \$1 00 per dozen; Bennetta, \$1 00
per dozen; American Beauty, 25c apie ce; Mermeta, \$1 00 per dozen; carnazions, 25c en dozen;
Maiden Hair fern, 50c per dozen; Jacquisminot
Easter lilies, \$3 00 per dozen; Jacquisminot
roses, 75c to \$1 50 a dozen; peonies, \$1 00a dozen;
moss roses, \$1 00 a dozen; June roses, \$1 00 a
dozen; forgetmenots, 25c a dozen; watei; lilies,
50c a dozen.

GUESTS AT CAMP 19, a roman the on the frontiers of civilization, by Franklin File, will be published complete in to-morrow's

MARKETS BY WIRE.

all the Cereals Lifeless and Most of Them Lower-Bulls on Wheat Unable to Make Headway Against Favorable Crop Reports-Hog Products Steady.

CHICAGO—There was a continuation of the late duliness and weakness in wheat, to-day's market being just as narrow and featureless as noted on any of the preceding days of the week. Opening figures were about the same as yesterday's closing, and temporary firmness was derived from the early cables, prices work-ing up 1/4c or so. The weakness developed was attributed to the anticipation of a favorable report by the Washington Agricultural Bureau to-morrow, and was intensified by some selling orders from New York. It was claimed, too,

break. From bottom prices a fractional gain was made, but general liquidation by tired week, Concord grapes and green gage local longs, and the buying limited, in the main' to one leading operator, gave to the market heavy tone up to the very close, and the latest bids were close around the lowest of the day. Based on yesterday's closings, there was a net

loss of 1/6 c.

Corn ruled quiet with the feeling rather casier. Trading was light and confined principally to the local crowd, and fluctuations cipally to the local crowd, and fluctuations were limited to 166 c range. The easier feeling was attributed to the fine weather, large receipts, weaker cables and a decline of 1/2 in the cash market. The market opened a shade below yesterday's closing figures, was easy and declined 166 c, became inactive and closed 166 c lower than yesterday.

Outs were weaker and 166 c lower. Trading was moderate and chiefly in May. The near futures were the quetest and weakest owing to good offerings and a lack of demand, especially in August, in which the "shorts" have covered freely, leaving the market without support.

have covered freely, leaving the market without support.
Rather more business transacted in mess
pork. Opening sales were at 5c decline, which
was followed by a further reduction of 5c.
Later the feeling was stronger and prices
railied 10@12½c and closed steady.
A fair trade was reported in the lard market.
Later the demand improved slightly and prices
railied 7½@10c, closing steady.
Trading was moderate in short ribs. Fluctuations were confined within a narrow range.
Early prices ruled 2½@5c lower, but railied
again later in the day and closed steady.
The leading futures ranged as follows:

KAMERA, in to-morrow's DISPATCH, well tame prevailing at Long Branch.

LAND DIRT CHEAP.

Good Building Lots Offered as Low as Five Dollars a Foot.

NATURAL GAS COMPETITION. How to Compel Delinquent Debters to Walk

Up to the Captain's Office.

HOMES FOR TOILERS AT JOHNSTOWN

Those who maintain that all the cheap land around Pittsburg has been bought up are not well posted. At Aspinwall Place lots are selling as low as \$150, or \$5 a foot. The dearest are only \$20 a foot. Good lots are offered in many parts of the East End as low as \$300. The same is true of the West End and the Southside. The fact is there is an abundance of good and cheap property in the market, but as there is an active demand for it, values will necessarily move up. Therefore delay may be costly to those desiring to

Some of the natural gas companies of Pitta-burg will soon have to face extensive and wellorganized competition, which may seriously af-fect their earnings. The gas line owned by Park Bros. & Co. will furnish several other Park Bros. & Co. will furnish several other Pittsburg firms with fuel for the next three years. The Equitable Gas Company, composed of a number of Pittsburg iron and steel firms, has part of its line in operation and is making contracts with a number of firms not in the company. Oliver Bros. & Co. are pushing the construction of their big line to the Bellevernon field, and will have it completed by October I, when they will have an independent supply of

Secretary McGinley, of the Philadelphia Company, states, according to the American Manufacturer, that they are renewing many contracts at a material advance on the old rates, securing new dwelling house consumers, and are rapidly introducing the meter system, which will effect a saving of gas and at the which will elect a saving of gas and at the same time increase the revenues. The drop-ping of a few big concerns that have contracted with new lines will leave all the more for the smaller consumers and assure a good supply during the winter months. The advisability of building a line to the Bellevernon field has been discussed by the Philadelphia Company, but in all probability it will not be pushed this year.

Hello, George, where are you going? Are you running for a wager?

Not exactly, but something better. You see
Jim and I were looking at a lot at Oakland
yesterday. I accidentally heard that he made yesterday. I accidentally heard that be made an arrangement to meet the agent this evening and make an offer for it. I have concluded to buy it, and want to forestall Jim by getting there first. The agent is out there now. Jim and I are good friends, but won't allow him to get away with me in a bargain if I can help it. Here comes the car. Good-by.

This man will die rich if he lives long enough.

He fully realizes that delays are daugerous, and that the true policy is to strike when the The Cambria Iron Company has just made public a plan, which it has had in contemplation for some time, in regard to the erection of cheap homes for its employes on suitable sites. This company owns a large farming tract of land on Yoder Hill, just west of Johnstown. The top of this hill is 1,751 feet above the level of the sea, while the Pennsylvania Railroad station is only 1,184 above the sea level. It will thus be seen that one danger, that of

spring, and an empty treasury is the result.

None of the fireplugs have been put in, although water will be turned on in about two weeks. These are works of necessity, and should be completed forthwith. Conservatism

one of the most important departments in conducting business is that of collections. The following remarks on the subject, coming from

a practical man, are worthy of attention:

"Those who don't pay promptly always take
advantage of any uncertainty in the ring of
your demands, and have plenty of excuses
ready to put you off with. Very few but will begin to hustle if you come out with a strong 'I must have it.' You may have asked them bemust have it. You may have asked them be-fore, 'wishing they would pay it,' or 'when can you pay it,' but when you get to a place where you know you must 'root, hog, or die,' then there is, if at any time at all, a desire to accommodate you. They 'will borrow it fer you,' or hurry some one up 'who owes them,' or in some way get the money if you must have it, whereas before it wasn't possible to do anything for you

"Make the demand in a straightforwar pleasant way as if you expected to get it. Make your business known the first thing after the usual greetings. You make nothing by talking of other things first; it won't be as easy to get the point as at first. Get a definite promise a to time and amount-if you can't get all-an then be sure to be promptly on hand at the

The announcement is made that the Vander bilts have at last bought the Beech Creek Rail-road stock not hitherto held by them, and that they now own the road in fee simple. The pric paid is said to have been \$40 and \$20 per share The total capital is \$1,300,000 preferred stock and \$3,700,000 common. The Vanderbilts previously owned about 55 per cent of each class.

The Cottonseed Oil Trust is waning in strength Reports reconstruction with the contract recon

strength. Reports recently published show that the number of mills outside of the trust exceeds the number included in the organization. The other trusts will soon come tumbling after. Sugar and lend are decidedly shaky.

HOLD THEIR OWN.

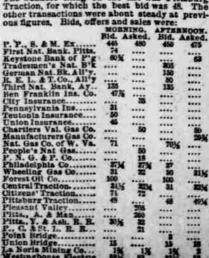

With Pew Exceptions Local Stocks Show

No Particular Change.

There was a slim attendance of brokers at the Stock Exchange yesterday, and there was not much vim in the proceedings, only one small deal being made, ten shares of Switch and Signal going at 21½, yet with few exceptions the market held its own and closed firm, showing that it would require very little effort to make business. The fact that stocks are so well sustained. ness. The fact that stocks are so well sustained

ness. The fact that stocks are so well sustained with scarely any buying demand is conclusive that they possess a large amount of inherent strength. There was no particular change in the gassers. Electric was wanted at 52%.

Switch and Signal moved up a peg, closing at 21% bid. Manufacturers' Gas was a trifle stronger, 25% being asked. There are about 300 shares of Point Bridge floating around, and 3 was bid for some of it. It is held at about 5. The weakest thing on the list was Pittsburg Traction, for which the best bid was 48. The other transactions were about steady at previ-

THE FINANCIAL PUTURE.

Every Evidence of a Healthy Condition of the Money Market.

Business at the local banks yesterday was of the usual description. Discounting showed no improvement, and clerical work was about a improvement, and derical work was about a good average, except checking, which was a little off. Money was in good supply and rates unchanged. The clearings were \$1.745,162 32 and the balances \$425,362 70. A New York

nthority says:
"There is no longer any special concern felt in banking circles respecting the financial future. During the week careful inquiry shows that there is no cause for anxiety, despite the that there is no cause for anxiety, despite the recent large exports of gold and the expected heavy cail for money to aid in moving the crops. President H. W. Cannon, of the Chase National Bank, formerly Controller of the Currency, is reported as saying that there is every indication of a healthy condition of the money market, although rates for call and time money may advance somewhat in the early autumn.

time money may advance somewhat in the early autumn.

"In case of any stringency he had no doubt that blocks of United States bonds would be offered to the Government, and very likely the Secretary of the Treasury may increase the price he pays for 4 per cent to a point that will net the Government, say, 2 per cent per annum. Moreover, money is easily obtained from Europe on account of our more intimate relations. The balance of exchange does not now appear unfavorable to New York, and from present indications shipments of gold to Europe have ceased for this season."

President Olcott, of the Central Trust Company, Russell Sage, President Jordan, of the Western National, President Tappan, of the Gallatin, and others coincided with these views.

Money on call at New York yesterday was easy at 366 per cent; last loan, 8: closed offered at 2. Prime mercantile paper, 4%66%. Sterling exchange quiet and weaker at \$4 54% for 60-day bills and \$4 57% for demand.

Closing Bond Quotations.

Yesterday's bond offerings aggregated \$100,-850, as follows: Registered 4s, \$90,850 at 123%; coupon 4s, \$10,000 at 106%. NEW YORK—Clearings, \$96,521,275; balances, \$3,617,572.
BOSTON—Clearings, \$11,569,924; balances, \$1,223,780. Money, 3 per cent.
PHILADELPHIA—Clearings, \$9,615,004; balances, \$1,694,078.
BALTIMORE—Clearings, \$1,474,744; balances, \$181,335.

LONDON—The amount of bullion gone into the Bank of England on balance to-day is £50. Paris-Three per cent rentes, 84f 95c for the CHICAGO—Money unchanged. Bank clear-ings, \$9,074,660.

NEW YORK TURNS BEAR.

The West Knocks Out a Scheme to Break the Oil Market. station is only 1,184 above the sea level. It will thus be seen that one danger, that of floods, can never trouble this place. It is proposed to build an incline plane from near the center of the town which will reach the lots in a little more than half a mile. Here probably 500 acres can be laid out in pleasant building lots, from which access to the mills will be easy.

The deeds will contain stringent provisions prohibiting the sale of liquors, and arrangements will be made for locations for religious and educational buildings. The scheme is looked upon with much favor, and will help to solve the problem of the future of Johnstown.

Street improvement in Wilkinsburg is almost at a standstill for want of money. The council neglected to levy taxes for the work last spring, and an empty treasury is the result. None of the fireplugs have been put in, al-At the opening yesterday the oil market re-

were completed, as follows: Twenty-two in the Washington pool, 4 in the Gordon, 22 at Taylorstown, 3 at Canonsburg, and 4 wildcats. At the end of the month there were 205 uncompleted wells; in the Washington field, 47: Gordon, 18; Taylorstown, 119: Canonsburg, 11; wildcats, 10. The new production is as follows: Washington, 2,535 barrels: Taylorstown, 1,655 barrels; Gordon, 240 barrels; Canonsburg, 22 barrels; total, 4,675 barrels.

The following is the statement of operations in the Macksburg field for July: Wells completed in July, 9: producing, 5; daily production, barrels, 45; average daily production per well, barrels, 45; average daily production per twell, barrels, 25; dailing, 25; daily production per twell, barrels, 25; daily production per twell, barrels, 25;

puddlers' wages from \$3 25 to \$3 80 a day. It would worry the bears to make much of an impression on Electric. Business counts for something.

PITTSBURG Traction was the particularly weak spot in the stock market yesterday. The bears are killing is by inches. Oats, Hay and Millfeed Are Slow-Corn THE Sewickley Electric Light Company has adopted the Westinghouse alternating current, and will have its plant in operation within two

THIRTY-EIGHT mortgages were recyesterday. The largest was for \$15,000, placed by Sarah A. Reed, with the Fidelity Title and Trust Company.

THE pipe line statement, due to-day, will be builish as usual, but as it has had its effect. the market will undergo no particular change either way as a result of the publication. Among the members of the Exchange who are absent on their vacations are: S. S. Pinkerton, W. L. Mustin, W. J. Robinson, James Carothers, Harry Sproul, J. C. Forse and George I. Whitney. W. H. Watt has returned and is again on deck.

OFFICIAL returns from B. G. Dun & Co.'s
Agency show that in 1881 there were 176 busi ness men in McKeesport, but the number rapidly increased each year until in July, 1889, there were 590, an increase in eight years of over 400. The ratings show a corresponding

STOCKS RALLY.

A Fairly Firm and Active Market-London Up to New York Figures-A Drop in Sugar Trust-Small Galus and

a Good Close. NEW YORK, August 9.- There was more vim

NEW YORK, August 9.—There was more vim to the stock speculation to-day and the buying was of a more general nature than during the past few days, which imparted a firmer and more pronounced tone to the dealings. There was very little news of importance to affect values, but the reports from the crops in Illinois, the action of the Northwestern in restoring coal rates between Milwaukee and St. Paul, and the additional favorable returns of earnings were factors in the market to-day. There was what seemed to be good buying in the Vanderbills-Gould stocks and Villards, the first of which did much to givea confident tone to the buying, and the pools were still active in their favorites resulting in a general though moderate appreciation.

Londonflad gotten over the influence of the advance in the Bank of England rate, and this morning was fully up to our figures of last evening, while our market opened up from ½ to ½ per cent. There was a better distribution of the business done though the special favorites such as the Chesspeake and Ohio, the Cleveland, Columbus, Cincinnati and St. Louis and Lake Erie and Western maintained their ascendency in the dealings and furnished an element of strength to the rest of the market. London was again a buyer in the early trading, but received but little support from the local operators until well into the morning when Missourl Pacific and Nothern Pacific preferred became especially active and strong, and were followed later by Union Pacific.

The Gould properties were features of the afternoon's trading and the Wabashes especially not the influence of the very flattering report of earnings for last month made a handsome advance. Oregon Transcontinental also was remarkable for a spurt which carried it to over 1 per cent and among the other low priced shares, Southern Facific, Green Bay and San Francisco preferred made specially large gains on small trading. Toward the latter portion of the afternoon a seiling movement which was supposed to emanate from Chier low important final ch

DOMESTIC MARKETS.

Butter and Cheese Looking Up---Potatoes and Tomatoes Firm.

GOOD EGGS ACTIVE AT QUOTATIONS

Steady--- Plour Quiet. COFFEE STRONG ENOUGH TO RISE

OFFICE OF PITTSBURG DISPATCH, FRIDAY, August 9, 1889. Country Produce-Jobbing Prices.

Tomatoes and potatoes show a tendency to higher prices on account of scarcity. Produce is scarcely as plenty as for the past week or two, but supplies are ample for all demands. Plums and peaches from the South begin to put in an appearance. Butter and cheese are more ac-tive, with an upward drift. Eggs are steady, the difficulty being to secure an entirely relia-ble article at this season. When it coules to candling eggs, as is necessary under all circumcanding eggs, as is necessary under all circumstances at this season, consumers fight shy of hen fruit. A distinguished humorist says: "Tolerably good eggs, like tolerably good people, are ever at a discount." An advance in cheese has been made both East and West within a few days, and will reach here soon if all signs do not fail.

Grain, Flour and Feed.

Total receipts bulletined at the Grain Exchange, 22 cars. By Pittsburg, Fort Wayne and Chicago, 1 car of wheat, 8 of oats, 2 of hay, 4 of flour, 1 of mail. By Pittsburg, Cincinnati and St. Louis, 1 car of oats, 2 of corn, 1 of screenings, 2 of hay. There were no sales on call. No. 2 new wheat was offered at 85c, and 83c was bid. New No. 2 white oats were offered at 31c, with 2994c bid. Supply and demand for hayare light. Millifeed is alow. We are now between seasons, and the heavy crop of grass and hay has a depressing influence on oats. The first arrival of new oats from Ohio is reported today. Both wheat and oats are in unprecedented supply. Hay, too, is in supply far above the average, through Pittsburg's territory. Corn is the only cereal crop that favors a buil movement. The flour drift is toward a lower level of prices.

WHEAT—Jobbing prices—New No. 2 red, 852 86c: No. 2 red, 882 90c; No. 3 red, 832 84c.

CORN—No. 2 yellow ear, 552 96c; high mixed, ahelled, 462 10c; mixed, ahelled, 462 10c. Grain, Flour and Feed.

MRS. DR. CROSSLEY.

NEW ADVERTISEMENTS.

MRS. DR. CROSSLEY.

Little Maggie Hayden, only 5 years old, who lives on Webster arenue, corner Kirkpatrick street, became so hadly affected with catarrh as to greatly alarm her parents and friends. She had a stuffed up condition in her head and throat so that at times it was difficult for her to breathe. She was restless nights, and the dry, rasping cough was very severe. She had a holiow look in her eyes and emaciated appearance, and she seemed to have a cold all the time. Her parents took her to the Catarrh and Dyspepsia Institute, at 323 Penn avenue, and after consulting with Mrs. Dr. Crossley and her associate physicians, she began treatment and became entirely cured in two months. Her father says:

"My daughter has been cured by the physicians of the Catarrh and Dyspepsia Institute. I hereby sign my name.

"ROLLINS D. HAYDEN."

Catarrh is a disease that affects children as well as adults, and often at a very carly age. It is the direct cause of most of the consumption of this climate, and not infrequently the disease develops into consumption with children under 10 years of age. The four physicians associated with the Catarrh and Dyspepsia Institute have for years made a special study of catarrh and dyspepsia and diseases of women. If they can cure you they will frankly tell you. If they cannot they will as frankly tell you. If they cannot they will as frankly tell you that. The crowds of patients who dally assemble in their parlors bear proof to their success in making cures. Remember the place, 323 Penn avenue. Consultation free to all. Office hours, 10 A. M., to 4 P. M., and 6 to 8 P. M. Sundays 12 to 4 P. M., and 6 to 8 P. M. Sundays 12 to 4 P. M., and 6 to 8 P. M. Sundays 12 to 4 P. M., and 6 to 8 P. M. Sundays 12 to 4 P. M., and 6 to 8 P. M. Sundays 12 to 4 P.
